PRODUCT SPECIFICATIONS

KOAGULONE®-A is a water-miscible source of Vitamins A and K. Each 60 gm. packet contains Vitamin A – 5,000,000 I.U., Menadione Sodium Bisulfite – 3,000 mg.

- PHYSICAL DESCRIPTION:** Sand-colored granular powder.
- PACKAGING:** 60 gm. foil packets; 100 packets per pail.
- SOLUBILITY:** Excellent
- INDICATIONS:** To help compensate for Vitamins A and K which are no longer available in adequate amounts because of depressed feed consumption or increased needs.
- SUGGESTED USES:** In the presence of molds or fungi, when sulfa drugs are used, during hemorrhagic conditions, outbreaks or coccidiosis, blood spots or navel bleeding.
- MIXING DIRECTIONS:** Mix 1 packet per 128 gallons of water. For water proportioners delivering 1 oz. of stock solution per gallon of drinking water, mix 1 packet per gallon. See packet for complete directions. Prepare fresh solutions daily.
- CONSUMPTION GUIDE:** A 60 gm. packet will supplement the following poultry and livestock daily:
