

PRODUCT SPECIFICATIONS

KOAGULONE-A is a water-miscible source of Vitamins A and K.

Each 60 gm. packet contains:

Vitamin A	5,000,000 I.U.
Menadione Sodium Bisulfite	3,000 mg

PHYSICAL DESCRIPTION: Sand-colored granular powder

PACKAGING: 60 gm foil packets; 100 packets per pail

SOLUBILITY: Excellent

INDICATIONS: To help compensate for Vitamins A and K, which are no longer available in adequate amounts because of depressed feed consumption or increased needs.

SUGGESTED USES: In the presence of molds or fungi, when sulfa drugs are used, during hemorrhagic conditions, outbreaks or coccidiosis, blood spots or navel bleeding.

MIXING DIRECTIONS: Mix 1 packet per 128 gallons of water. For water proportioners delivering 1 oz. of stock solution per gallon of drinking water, mix 1 packet per gallon. See packet for complete directions. Prepare fresh solutions daily.

CONSUMPTION GUIDE: A 60 gm. packet will supplement the following poultry and livestock daily*:

CHICKENS (Age)		HOGS
